

# **ALL SEASON** KIKUYU BLEND

A quick to germinate blend with fine Perennial Ryegrass and hardy Kikuyu.

> Turbocote Kikuyu 10% Perennial Ryegrass 90%

A top seller! Perennial Ryegrass provides colour and durability throughout the year, while the Kikuyu provides summer hardiness with its ability to survive long periods without water. It is very fast to germinate and thrives when temperatures are moderate. It requires additional irrigation during summer months to keep the cool season Ryegrass green.

# Ideal Sowing Times:

Northern NSW, Oueensland. Northern WA, NT

Autumn, Winter, Spring.

Victoria, NSW, ACT, Western Australia, South Australia, Tasmania

Autumn, Early Winter, Spring.

This blend requires regular deep watering in Summer to stay green.

New Sowing: 3-4kg per 100m<sup>2</sup>. Oversowing: Use half sowing rate.

## **Lawn Sowing Instructions:**

#### PREPARE YOUR SOIL

Clear the area of weeds and debris. Improve drainage by digging or aerating. Level the ground. If the soil is poor quality bring in lawn soil (sandy loam) from a local soil supplier.

#### **FERTILISE**

Apply starter fertiliser to the soil (up to 48 hours before or same day as sowing) and water it in. Use Landscape Range KickStart Fertiliser at a rate of 3kg per 100m<sup>2</sup>. Water well

#### **SPREAD SEED EVENLY**

the sowing recommended on the pack. Dividing the area and the seed into the same number of parts will help you spread them evenly. Gently rake to ensure good seed to soil contact.

#### **WATERING**

For the best outcome, maintain a consistently damp seedbed for 3 to 4 weeks using a fine spray to prevent seed movement. Avoid letting it dry out as germination will slow.

### Lawn Maintenance Guide:

Fertilise twice in Autumn and twice in Spring

First mow: When well established at around 40-50mm height. Take off only the tips for the first few mows.

Avoid mowing during the heat of the day in summer to prevent stressing your lawn.

When fully established mow regularly and avoid removing more than one-third of the leaf at a time.
