

# ALL SEASON COUCH BLEND

24% couch grass blended with fine cool season grasses for year round green.

La Prima Couch 24%

Fine Fescue 12%

Turf Type Ryegrass 64%

A fine textured lawn blend. Perfect for premium home lawns in areas with hot summers and cold winters. This blend achieves year round growth and colour by combining nearly a quarter of drought tolerant, self repairing La Prima Couch grass with cool season Ryegrass and Fine Fescue. The balance of warm and cool season varieties ensures a lawn that looks great all year, with increased drought resistance from the Couch.

## Ideal Sowing Times:

Northern NSW, Queensland, Northern WA, NT	Autumn, Winter, Spring.
Victoria, NSW, ACT, Western Australia, South Australia, Tasmania	Autumn, Early Winter, Spring.

**This blend requires regular deep watering in Summer to stay green.**

Germination:  
Fast, 10-12 days

Fine - med leaf  
(3-6 mm)  
Deep green colour

New Sowing: 2-3kg per 100m<sup>2</sup>.  
Oversowing: Use half sowing rate.

## Lawn Sowing Instructions:

### PREPARE YOUR SOIL

Clear the area of weeds and debris. Improve drainage by digging or aerating. Level the ground. If the soil is poor quality bring in lawn soil (sandy loam) from a local soil supplier.

### FERTILISE

Apply starter fertiliser to the soil (up to 48 hours before or same day as sowing) and water it in. Use Landscape Range KickStart Fertiliser at a rate of 3kg per 100m<sup>2</sup>. Water well.

### SPREAD SEED EVENLY

Use the sowing rate recommended on the pack. Dividing the area and the seed into the same number of parts will help you spread them evenly. Gently rake to ensure good seed to soil contact.

### WATERING

For the best outcome, maintain a consistently damp seedbed for 3 to 4 weeks using a fine spray to prevent seed movement. Avoid letting it dry out as germination will slow.

## Lawn Maintenance Guide:

Fertilise twice in  
Autumn and twice in  
Spring

**First mow: When well established at around 40-50mm height. Take off only the tips for the first few mows.**  
When fully established mow regularly and avoid removing more than one-third of the leaf at a time.

**Avoid mowing during the heat of the day in summer to prevent stressing your lawn.**
